Shrewsbury International School, Riverside Campus

Car Park: Code of Conduct

February 2020

In order to ensure your safety and that of your children it is expected that parents/drivers will adhere to the following procedures:

- Drop off should be completed at the designated zones only. Please be patient and only drop off at the designated zones
- There are various drop off zones available on campus (adjacent to the flagpole, underground car park level B1 and level B2).
- Please note that the Chatrium hotel area should not be used as a drop off / pick up point.
- Be ready to drop off before you get to the drop off zone (shoes should be on, bags should be organised and you should be ready to go before you get to the drop off zone).
- Drop off should take no more than 10 seconds per car. Please ensure you drop off / pick up as quickly as possible, this helps to keep the traffic moving.
- Please do not park in drop off zones, these areas are designed for drop off only and parking here congests the traffic flow
- Please respect the environment and switch your engine off. Air Conditioning takes a short amount of time to start. Remember, our students breathe here.
- Comply with the 10 kmph speed limit

- Ensure children are supervised in and around the car park
- Park only in marked spaces. Please do not Double Park
- Put pedestrians first when manoeuvring in the car park and be courteous to drivers and pedestrians
- Give way to buses and do not park in the designated bus area
- The school does not permit drivers to constantly drive around our traffic flow 'loop'. Any drivers spotted doing this after they have dropped off will be asked to leave.
- Observe road markings and sign postings
- At car park junctions, filter in turn
- Follow instructions of Shrewsbury International School staff and the school security team in the management of traffic flow
- Abusive behaviour to staff, pupils and other parents will not be tolerated
- The school campus is a no smoking zone, this includes our underground carpark
